

Unitrends Certified Recovery Suite™

Backup, Archiving
& Disaster Recovery

Play IT Safe

The market leader in multi-environment protection sets the standard.

Unitrends Certified Recovery Suite (UCRS) establishes a new benchmark for application-level certified recovery with vSphere, Hyper-V, XenServer, and 100+ versions of physical storage, operating systems, and applications.

Key features:

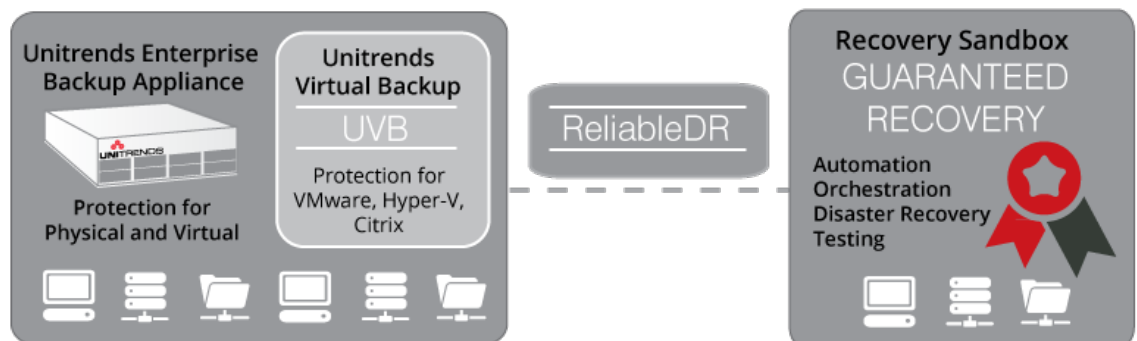

- Certified application recovery for VMware vSphere with automated failover, failback, testing, and RPO/RTO enforcement.
- Application-aware hypervisor-level protection of VMware vSphere, Microsoft Hyper-V, and Citrix XenServer.
- Virtual and physical protection of 100+ servers, storage, operating systems, and application versions.
- Unified backup, dissimilar bare metal (P2P, P2V, V2P, V2V), archiving, instant recovery and replication capabilities.

Key benefits:

- Amplifies backup and replication capabilities with certified recovery.
- Accelerates disaster recovery time with orchestration and automation.
- Speeds restoration with unified HOS and GOS-level physical recovery.
- Provides centralized command and control for multiple protection initiatives.
- Available at a single, all-inclusive price.

“The Unitrends solution has been an absolute life saver.”

UCRS Architecture

UCRS comes with:

- **ReliableDR** for hypervisor-, array-, and backup-level VMware vSphere replication automation, orchestration, testing and DR.
- **Unitrends Enterprise Backup** for physical, virtual, and cloud data protection (including our patent-pending meta-BMR for Cisco UCS).
- **Unitrends Virtual Backup** for simple yet sophisticated VMware vSphere, Microsoft Hyper-V, and Citrix XenServer protection.
- **Crazy-committed Customer Support:** 24 x 7 x 365 customer support with automated proactive monitoring.
- **Best cost-to-value:** Highly affordable, complete end-to-end modern data protection.

ReliableDR Interface

About Unitrends

Unitrends provides physical, virtual and cloud-based protection and recovery for every organization's most valuable assets: its data and applications. Supported by a "crazy-committed" customer service model based on engagement, experience and excellence, the company consistently achieves a 98 percent customer satisfaction rating and lets everyone play IT safe by delivering the best cost-to-value ratio in the data protection and disaster recovery industry.
